## CREWS GATHER RUINS OF PLANE

Armed Guards on Duty as Men  
Scrape Up Wreckage and  
Seek Seven Bodies.

By The Associated Press  
ALPINE, Utah, June 7.—En-  
circled by guards with orders to  
"shoot on sight," crews scraped to-  
gether today pitifully straw-  
wreckage of a huge sky liner and  
then dug into flattened snow for  
the bodies of its occupants.  
Four men who attempted to  
carry away "souvenirs" and they  
were shot at three times.  
"A large shipment of jewelry  
lay exposed to the gaze of the  
first searchers," M. G. Wenger,  
portland inspector, told a reporter,  
adding "I could give you a real  
story about that shipment—but I  
won't."

Closed to Visitors  
Wenger said the half mile area  
over which the wreckage is scat-  
tered was closed to "unapproved  
visitors."  
Four men almost simultaneously  
came upon the shattered airplane  
Sunday as they scrambled over a  
ridge on bleak, cliff-cluttered low  
peak—only 25 miles from Salt  
Lake City, goal of the transport  
when it crashed Dec. 15.

No trace of bodies was visible,  
said the plane-finders, who hope  
to claim a \$10,000 reward offered  
by the airline, Western Air Ex-  
press.  
"We four started to look for  
bodies and more things," said  
Dwight Andrews, young farmer.  
"But we saw two guys slip away  
with a piece of the plane and we  
thought they were going to beat  
us to the reward. So we hustled  
right in to camp."

The discovery was made about  
two miles above a camp set up  
five days ago after two Alpine  
natives picked up letters from the  
plane's cargo.

Mail Sent  
"One thing you heard the crest  
of the ridge where the plane crashed,"  
Andrews continued. "All mail lay  
scattered everywhere, with tiny  
bits of wood, metal and cloth."

Seven sacks were taken up to  
the camp two days ago. There was  
no way of telling, however, when  
the bodies could be recovered.

Some sort of a massive derrick,  
Western Air authorities said, may  
be required to haul the bodies and  
fuelage up the sheer cliff, which  
is perpendicular for from 50 to 100  
feet and almost sheer for 200 feet  
more.

Largest single segment of debris  
found Sunday was part of a pro-  
peller. One small bag remained in  
one place, but it was ripped down  
its side and wind had whisked its  
contents away.

Most utterly lonely note of the  
tragedy was the location of the  
wreckage itself, only 20 feet from  
the ridge-top over which the plane  
would have had clear sailing down  
to its goal. Lost in fog and rain,  
the transport was 35 miles east of  
the regular Los Angeles-Salt Lake  
course.

Tall Hurdled Over Ridge  
So close to the ridge top was the  
wreckage, that the tall men hurried  
over the precipice, searching hard,  
while the forepart eked far back  
down the slope.

Indications are, searchers  
added, that the torn bodies were  
tossed over the cliff with the  
plane's tail.

The 10-passenger transport car-  
ried:  
Pilot S. J. Sanborn, Co-pilot Wil-  
liam Hogan and stewardess Gladys  
Witt, all of Glendale, Calif.; Mr.  
and Mrs. John F. Wolfe; Chicago  
newlyweds; Henry W. Edwards of  
Minneapolis; Carl Christopher of  
Dwight, Ill.; Mrs. F. Johnson and  
R. G. Mitchell of Los Angeles.

Discovery of the wreckage ended  
the week's greatest hunt—a hunt  
that cost Western Air Express  
uncounted thousands. Early in the  
search, volunteers were hired at  
\$10 a week and in one day more  
than 200 gallons of gasoline were  
used. Ground parties were hired  
and given expensive equipment.

## U. S. MILK CODE ADOPTED IN COUNTY

(Continued from Page One)

must be screened, well lighted and  
ventilated and sanitary; all water  
supplies must be safe; utensils  
must be sterilized after each usage;  
all udders shall be clean before  
milking; the milkers must also be  
sanitary.

Grade A milk must be cooled  
immediately after milking to 50  
degrees or less. All persons work-  
ing with the milk must be healthy.  
Provisions are also made for trans-  
porting and bottling.

Grade B raw milk is permitted a  
bacteria count of not more than  
500,000 per cubic centimeter and  
various other sanitation require-  
ments are less stringent.

Grade C raw milk must not have  
more than 1,000,000 bacteria per  
cubic centimeter and production  
conditions need not be as strictly  
clean.

Grade D raw milk is all which  
does not meet the requirements of  
Grade C and can be used for cook-  
ing only.

Penalty Provided  
The penalty for improper labeling  
or for other violations of the code  
is \$100. Dr. Strickland also pointed  
out that, infractions will also lose  
the producer the confidence of his  
customers.

The code will apply to all persons  
selling milk in the county outside  
of Marion city. Thus plants in  
Marion city will not be af-  
fected, but several Marion dairies  
do sell to rural areas and must  
label their milk.

Restaurants, soda fountains and  
other retail food handling places in  
the county must display cards in  
the public part of the place of busi-  
ness stating what grade of milk is  
served and what grade is used for  
cooking. This will be enforced  
after the grading is established.  
All producers must obtain per-

mits from the health department  
at once. The code also applies to  
all products from other counties  
selling into Marion county.

Interested persons may see a copy  
of the code at the county health  
office in the courthouse basement.  
The code is now in effect in  
Wayne and Delaware counties.

## ARREST OF PICKETS RESULTS IN HOLIDAY

capitol and told the crowd to  
"hold your lines."  
"We can stay here a month if  
necessary," Washington stated.  
Washington previously had indi-  
cated that the demonstration  
would last only one day.

Some Unions Stay Out  
Other craft unions did not join  
immediately in the demonstration,  
but bus service and some other  
work was abandoned as the con-  
gestion became acute.

The widespread walk-out oc-  
curred as Gov. Frank Murphy,  
mediator of several prolonged  
automobile strikes in Michigan,  
was enroute to the city from De-  
troit.

The pickets—six men and two  
women—were arrested in surprise  
raids early in the morning on  
warrants charging them with mo-  
lestation and disturbing laborers  
who wanted to enter the wreck-  
ing company, where a strike has  
been in progress several weeks.

Washington ordered a "general  
labor holiday" throughout the  
city to "celebrate the leave" of  
Sheriff Allan MacDonald and  
Ingham County Prosecuting At-  
torney Thomas Bailey in arresting  
our men and women.

Building Unlocked  
Doors to the city-county build-  
ing were locked during part of the  
night when smaller groups as-  
sembled demanding release of the  
arrested pickets. They later were  
unlocked as the police marshaled  
all available men to be ready for  
any contingency.

Managers of the Old Motor  
Works, Chrysler Body Corp., the  
Ford Motor Co. and the Motor  
Wheel Corp., announced their  
plants were closed by the strike  
and that no attempt to reopen  
would be made today.

Among those arrested were Mrs.  
Leater Washburn, 28, wife of the  
union local head, and Vera Chris-  
tiano, 26.

Some sort of a massive derrick,  
Western Air authorities said, may  
be required to haul the bodies and  
fuelage up the sheer cliff, which  
is perpendicular for from 50 to 100

## STRIKERS CALL ON ROOSEVELT FOR AID

(Continued from Page One)

In the Youngstown, Niles and War-  
ren, O. steel district, Baltimore &  
Ohio railroad officials meanwhile  
appealed to Gov. Martin L. Davey  
to protect the carrier's property.

The road complained that  
strikers had torn up tracks and  
otherwise prevented its function  
under the law.

"We earnestly implore you to  
immediately take such action as  
will restore our property to our  
peaceful possession and enable us  
to fulfill our obligations as a com-  
mon carrier," said a telegram to  
Davey from C. W. Galloway, vice  
president in charge of the road's  
operations and maintenance.

Shortage of materials because of  
this and other strikes," the tele-  
gram added, caused the B. & O.  
to order an embargo starting to-  
day "several thousand men whom  
we are unable to keep at work."

Davey last week conferred with  
Republican and Street & Tube ex-  
ecutives and, later, with Murray and  
other union leaders. The gov-  
nor said only that he was "hope-  
ful" of progress in his negotia-  
tions.

Strikers' Appeal  
Referred to Board  
WASHINGTON, June 7.—White  
House officials announced today  
the telegraphic appeal from work-  
ers asking President Roosevelt to  
intervene in the steel strike had  
been referred to the national labor  
relations board and Secretary Per-  
kins "as a matter of information."

KENTON, O., June 7.—Friends  
celebrated a record in Ohio banking  
circles for Henry W. Granlich who  
celebrated his eighty-sixth birth-  
day yesterday and his sixty-second  
anniversary of associations with  
financial institutions. He has  
served the First National Bank of  
Kenton for more than 50 years in  
various offices and is now vice  
president.

He continues to work the hours  
which apply to other bank em-  
ployees and assists in transacting  
business of the institution. He has  
served as a member of the city  
planning fund.

His first banking position came  
in 1873 and in 1887 he became  
cashier of the First National bank.  
He is a teacher in Wellesley Sunday  
School class of the First M. E.  
church, the largest class in the city.

Mr. Granlich yesterday in recog-

## REPORT CONFIRMS RABIES IN COW

Special to The Star

A report received this noon from  
the state health department con-  
firmed County Health Commis-  
sioner N. S. Strickland's diagnosis of  
rabies in a cow killed Friday night  
on the farm of A. E. Monnette on  
Route 95 south of Kirkpatrick. The  
cow, believed to have been bitten  
by a rabid dog in April, became ill  
Tuesday.

It was the first case of rabies  
in a cow ever recorded in Marion  
county, health officials said.

## HIESTAND WINS TITLE IN BUCYRUS TRAPSHOOT

Misses Only One Target Out of 400 as 2,500 See Him Take  
Singles Title in Closing of State Shoot.

Special to The Star  
BUCYRUS, June 7.—A thronging  
through 400 targets with only a  
single shot going astray, Joe  
Hiestand, Hillsboro farmer boy,  
today counted the Ohio state cham-  
pionship among his trapshooting  
triumphs. Hiestand successfully de-  
fended his class AA title and de-  
fended C. A. "Sparrow" Young  
of Springfield, 1929 singles cham-  
pion.

The singles event yesterday  
closed the three-day Ohio state  
trapshoot held at the Bucyrus Gun  
club grounds. Karl Maust of Co-  
lumbus was established as the new  
professional champ, Miss Sally Gor-  
don of Bucyrus Lake new ladies  
champ and Melvin Art of Toledo  
new junior titlist.

Marion Man Third  
Dr. R. D. Miller of Marion rated  
third in the singles event, break-  
ing 197 of the 200 targets, and  
finishing a single hit behind the  
second place score of E. V. Ruez  
of Millersport.

In the singles event of 200 days,  
Hiestand made his perfect score,  
raining his straight total to 284  
from the previous day's shooting.  
Among the remaining 10 high guns  
in the singles were C. A. Bogert of  
Sandusky and Ned Lilly of Stanton,  
Mich.; H. F. Pace of Mansfield,  
Ohio; and E. Nichols of Bellefont-  
aine, Ohio.

"The zone championship went to  
the northwest team, which broke  
915 targets in 1,000 shots. On the  
team were C. M. Bright of Broad-  
way C. S. Young of Springfield,  
R. D. Finnell of Toledo, Paul Wag-  
ner and Roy Jones of Lima.

Class Competition  
In the class competition, con-  
ducted Saturday, the two high win-  
ners in each division were: Class  
AA—Joe Hiestand 209, Ned Lilly of  
104, class A—C. A. Young 195, Wil-  
liam Eldred of Cincinnati 191, class

Class B—Baker nearby and around  
Dr. and Mrs. Baker.

Dr. Baker took to the church-  
yard Fletcher lying in the  
pool of water in the church drive-  
way, and pulled him from the wa-  
ter. He examined Blinn and found  
him lifeless. He then returned to  
his residence and notified the Mar-  
ion substation of the highway pa-  
trol, Patrolmen notified Dr. M. F.  
Athelin, county coroner, and called  
the Schuffner-Denzer ambulance  
which took Fletcher to the Marion  
City hospital. Fletcher did not re-  
gain consciousness. Blinn's body  
was taken to the Timson funeral  
home in Canton, Ohio. Dr. Athelin  
this morning returned a verdict of  
accidental death in Blinn's death.

As patrolmen inquired as to pos-  
sible causes of the mishap this  
morning, they learned that neither  
youth was an experienced driver,  
that Blinn had virtually no vision  
in one eye and that the tires of the  
vehicle were worn smooth.

Bought Machine Saturday  
Blinn had just purchased the mo-  
torcycle Saturday afternoon from  
Robert D. McClure, an employee of  
the Haines Auto Body shop on East  
Center street, and he and Fletcher  
had been riding it for recreation  
Saturday night and Sunday.

Fletcher, a big fellow of little  
more than a month, told his wife,  
formerly Mable Patton of Bucyrus,  
they were going for a ride about  
6 o'clock Sunday night. They did  
not return.

Blinn, only son of Mrs. Muriel  
Blinn of Columbus, formerly cook  
at the Waddell Ladies home here  
for a 10-year period ended April  
1, purchased the motorcycle with  
funds he had received from his  
mother only a few days before.

He had not told his mother nor  
Mrs. McClure, D. Rose of 203  
Madison avenue, with whom he  
had made his home for nearly  
nine years about his purchase of  
the machine. Mrs. Rose said this  
morning she last saw him about  
7 o'clock Sunday night when he  
left after having come to the house  
a short time before with  
Fletcher.

Blinn returned to the Ross home  
last February after spending 19  
months in a civilian conservation  
camp in Virginia. He went to the  
camp in 1935 after finishing his  
freshman year of school work at  
Vernon Heights Junior High. Mr.  
Rose said he enlisted for a two-  
year period, but explained his re-  
turn last February by saying he  
suffered a nervous breakdown in  
camp and could not continue to  
work there.

Since returning to Marion he had  
been resting and building up his  
health he said.

Blinn, before making his resi-  
dence at the Ross home, spent sev-  
eral years at the Marion County  
Children's home, and also lived for  
short periods in other private  
residences.

Lost Sight of Eye  
A mishap at the children's home  
caused him the loss of vision of  
his right eye several years ago,  
Mrs. Rose said.

Blinn is survived by his mother,  
who has been working in Columbus  
since she left the Waddell Ladies  
home, and his father who is re-  
married and is believed to live in  
Springfield.

Mrs. Blinn was notified of her  
son's death this morning by a mes-  
sage sent through the state police  
radio from the Marion substation  
of the highway patrol. She was  
expected to arrive in Marion early  
this afternoon.

Fletcher was the son of Mr. and  
Mrs. Ray J. Fletcher of 162 Ken-  
sington place.

Mr. Ross, at whose home Blinn  
lived for the last several years, is  
traffic manager at the Huber  
Mfg. Co.

Coroner Athelin found among  
Blinn's possessions a driver's license  
issued to him Saturday and a  
receipt from McClure for purchase  
of the motorcycle. The vehicle was  
a 1931 model Harley Davidson  
motorcycle.

Fletcher worked at the Haines  
Auto Body shop on East Center  
street for the last year. In addi-  
tion to the widow and sons, he  
leaves a sister and two brothers,  
Mary and Grant at home and  
Charles Fletcher of Lorain.

Mrs. Starling Somerset of 437 Girard avenue was a member of the wedding party when Miss Mildred Baum of Lima became the bride of Wilbur Johnson of Ada yesterday morning in the Central Church of Christ at Lima. Rev. David Reed read the ceremony.

Miss Wilma Penny of Lima was the bride's maid of honor and Mrs. Somerset and Miss Helen Simons, the latter of Lima, were the bridesmaids. The bride's wedding gown of white lace over white satin had a long train, and her train length veil was held with a coronet of pearls and orange blossoms. Her flowers were a shoulder bouquet of roses and lilies of the valley. Miss Penny wore a gown of aqua marine lace. Miss Simons wore a gown of yellow lace and red tulle. The bride carried a bouquet of roses and lilies of the valley.

## 'OLD OX ROAD' OFFERS FLOOD VICTIMS EXIT

Rebuilding of Abandoned Highway Suggested in Case Another Deluge Strikes.

By International News Service  
IRONTON, O. — Rebuilding of the "old ox road" as an escape route should another Ohio river flood hit this section is under advisement by Ironton civic organizations.

The road was the only means of egress from this city when flood waters inundated main highways, although it could only be negotiated by tractor.

Thus its importance as a relief road was brought to the attention of city officials after they had surveyed the condition of other routes after the flood waters receded.

The "old ox road" was the most important highway in Lawrence county during the Civil war period. Hundreds of ox teams passed over this route, which is two and a half miles long, between Hecla and Ironton.

The road was used to bring pig iron from the furnaces to the Ohio river to be shipped to manufacturing centers.

Since then it has been abandoned and used only by those few families that live along it.

Some agencies used the road during the flood to bring in supplies for relief of refugees and this fact moved the Chamber of Commerce and other civic groups to Indiana its being repaired.

The state highway is being urged to take it over as a part of state route 75 instead of the present section of the route between Hecla and Hecla.

John Campbell, founder of Ironton, was the first person to use what is now State Route 75. He built "old ox road" and saw the from which went into that famous gun, the "Swamp Angel," carried in ox carts, as a most direct route to the river.

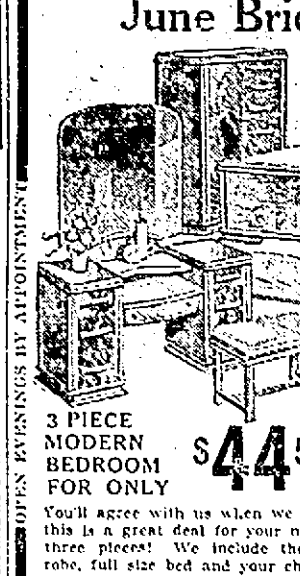

Later, in order to enter Ironton nearer the business section, he constructed at his own expense the road which now forms a part of state route 75.

## Bride's Kitchen Needs Good Book on Cookery

THAT FIRST CAKE  
The brand-new husband will be pleasantly surprised with this lemon loaf cake that's topped with coconut-sprinkled lemon frosting. It is simple to make. See recipe on this page.

BY MRS. ALEXANDER GEORGE  
This year's brides are stepping into kitchens gay with summer colors and shining gadgets. Faced with the endless rows of gleaming new equipment, many a bride may overlook the most important items.

Number one on her "must" list is a reliable cook book. Even if she has had quite a little experience, that still is a "must."

Four Other Necessities  
She should have four other things:

1. Standard equipment—such as measuring cups that hold half a pint and are divided into quarters, thirds and halves.

2. Medium sized utensils—in order to insure efficiency.

3. A good kitchen clock.

4. A notebook for jotting down tips received from friends (A card file is more satisfactory in many instances).

The bride should select simple menus, plan her first meal down to the last detail, learn to jot down daily the purchases she needs to make and start right in following standard recipes and instructions.

She must learn to measure dry ingredients just above the rim of her cup, to level them off with a knife and to refrain from packing them down.

Early Shopping Trip  
She should form the habit of making her purchases as early in the morning as it is convenient—and plan in advance so she doesn't have to go to market every day.

(She should make her lists elastic enough to allow for changes in vegetables, fruits and meats when inspection reveals differences in costs and quality.)

And, as a check on the family pocketbook, she ought to work out a budget. To do that she will have to keep lists of prices—at least until she gets so she knows about what they will be.

Hints For Notebook  
Here are a few cooking hints for her brand-new notebook:

Bacon should be cooked in a cold frying pan. It may be heated slowly and the fat poured off as soon as it collects, to be used later for browning and seasoning foods.

All vegetables should be drained thoroughly as soon as they are done. Allowing them to stand in water even a minute or two will make them watery.

Butter burns easily. Consequently it is a good plan to use other fats, such as lard, lard substitutes or oils, for browning purposes.

The oven always should be used to capacity. If biscuits are to be baked, for instance, it's wise to plan baked meat cakes, escalloped foods, or other dishes which will require approximately the same baking period.

Leftovers will shrink on exposure to the air. They should be allowed to cool and then covered with waxed paper before they are stored in the refrigerator.

Egg yolks will curdle if they are allowed to cook a long time. If they are to be added to creamed mixtures, such as a la king dishes, they should be mixed in just a short time before the dish is served.

Here are recipes for the lemon loaf cake pictured on this page.

Lemon Loaf Cake  
Two cups cake flour, 2 teaspoons double-acting baking powder, 1/2 teaspoon salt, 1/2 cup butter or other shortening, 1 cup granulated sugar, 1 egg, unbeaten, 1/2 cup milk, 1 teaspoon vanilla.

Lehman of Yonkers, who ranked fourth, submitted a main dish of roast lamb, prepared with unusual spices and condiments. It was served with browned sweet potatoes, buttered peas and carrots, artichoke salad, with almonds and fresh tomatoes for dessert, the entire being tomato juice cocktail and celery hearts.

California had an exceptionally well-flavored meat loaf for the main dish; both the Virginia and New Hampshire menus chose baked ham and Iowa scored with salmon loaf as the main dish, preceded by chicken bouillon, and flanked by browned sweet potatoes, asparagus au gratin and celery hearts.

And so documentary and public proof has been given of the keen interest in better cookery. This is no surprise to our cooking school pupils.

Butler M. Harris

## RECIPE REQUESTS ANSWERED HERE

New Strawberry Pie  
Strawberries are ripe! More than that, they are rolling into the market in such plenty that they are the best fruit bargain available.

There are crushed strawberries with custard, with ice cream and with plain or whipped cream and now is the time for strawberry jam and preserves.

Prepare a rich, flaky pie shell and bake it, preferably using a glass pie dish in which the dessert can be served. When ready for serving, fill this with vanilla ice cream, covered with a layer of sliced strawberries. Then blanket the entire pie with a special pink meringue, which will taste even more luscious than it looks. This meringue must be put under the broiler for a light browning before it is whisked on the table. Here is the method:

One package marshmallows, or one-quarter pound; two tablespoons crushed strawberries, few drops pink food coloring; two egg whites; one-fourth cup granulated sugar; one-eighth teaspoon salt.

Place marshmallows and strawberry juice in top of double boiler or in open saucepan. Heat over a low flame, stirring and folding constantly. Remove from flame before marshmallows have entirely melted, but continue stirring until a smooth mass is formed.

Add coloring. Beat egg whites stiff, add sugar slowly and continue beating until meringue is stiff and smooth. Add salt. Then fold meringue into softened marshmallow mixture. Quickly place ice cream in pie shell; a large shell will take more than a pint.

Cover ice cream with a generous cup of sliced strawberries and top with swirls of the fluffy meringue. Brown lightly under the broiler about half a minute and serve immediately.

Strawberry-Pineapple Preserve  
To one cup chopped pineapple, add two cups hulled strawberries and three cups sugar. Boil until mixture thickens, which will require about one and one-half hours. Single recipe makes about five glasses.

This is known as the one, two, three recipe and is dependable and easy to make.

Rhubarb Conserve  
Choose stalks of red, firm rhubarb. Cut in one-inch pieces, not peeling. Let stand over night, covered with granulated sugar.

To two quarts of fruit, take two pints of sugar, or allow two cups of fruit for each cup of sugar.

In the morning add the grated rind of two oranges and the juice of one. Boil until mixture thickens, being careful not to have flame too high. At the last moment, add one cup chopped walnuts. Raisins may be added with the conserve, but they have a tendency to dominate the flavor. This recipe can be varied by substituting lemons, or using half orange and half lemon. Single recipe yields six generous glasses.

Strawberry Jam  
To each cup of washed and hulled berries, add one scant cup sugar. Let strawberries and sugar stand overnight, or 24 hours. Boil slowly until mixture thickens.

Two quarts of strawberries should yield six glasses. Boiling requires about one and three-fourths hours for this quantity.

## Cooking School Benefits Seen in Contest Results

Many friends in Marion County, in the recent culinary contest sponsored by the Women's Exposition of Arts and Industries in New York City, seemed to be women of considerable domestic knowledge.

It is interesting to note that Mrs. Angell was graduated in home economics from Ohio State university. Until recently she was a dietitian in a tea room.

Perhaps you would like to read the first prize menu, which carried a grand cash award of \$400. Here is the rational championship dinner.

Crisp celery heart. Ripe olives. Whole shrimp dipped in mayonnaise on toast rounds. Barbecued young chicken. Browned cauliflower with cheese. Hubbard squash. Buttered peas. Pineapple-grapefruit-apricot salad. French dressing.

Ice-box whole wheat rolls. Gooseberry and currant tart with whipped cream.

That sounds like a very generous meal. Carrying out the rules of the contest, the peas, squash, salad and dessert products all were earned. Some of the winning recipes will be given in this column from time to time.

The "gallery" at the competition was interested in noting that the blue ribbon cook, Mrs. Angell, tasted every item on her menu—not once but several times before it was served, according to put into practice the old adage, "much taste and no waste."

In spite of the fact that the Cook Off in two modern kitchens on a stage in Grand Central Palace New York City, was being watched by hundreds of interested spectators and was being broadcast, the contestants remained cool and undisturbed.

Here are the ingredients and method for the luscious barbecued chicken, a suggestion for a real dinner feast:

Barbecued Chicken  
Three one and one-half pound chickens; one-half bottle Worcestershire sauce; one-half pound shortening (two tablespoons butter); one-fourth cup A-1 sauce; one-fourth cup vinegar; one-fourth cup sugar; one-half bottle tomato catsup; three buds parley; one large onion, chopped fine; dash of tobacco sauce.

Split the chickens in half and brown in the fat, using no flour. Mix all the ingredients except onion and garlic. Tie onion and parley in small cloth. Place chicken in roasting pan, pouring sauce over top.

Bake in moderate oven, or until chicken is tender, or about one hour. Baste frequently.

As for the other menus, all the prize-winners agreed that when it comes to culinary concoctions, it is none of those fancy dishes that win a husband's approval, but the plain old American dinners such as meat loaf, salmon loaf, baked ham and chicken pie.

The New York winner, Mrs. G.

## HELP WANTED

**AGENTS AND SALESMEN**—We will hire one man from each of the following counties:

Marion Delaware  
Union Morrow

The men selected will practically be in business for themselves, on a permanent basis, with a steadily increasing income.

We will furnish everything necessary. Not a penny will be asked of you in the way of investment, purchase or deposit.

Our business has been so remarkably good in every Ohio town in which we have operated that we have decided upon opening the above territory in that city.

A splendid opportunity for acceptable men.

Character means more to us than experience. Our successful men come from every walk of life.

For instance: in our Columbus and Marion offices, we paid H. F. formerly in real estate, \$124.30 for the preceding week's work; for the week prior to that, \$30.31; N. M. former druggist, \$70.44; V. A. former druggist, \$40.00; for the week prior, \$31.05; R. F. \$31.50; for the week prior, \$21.52; P. V. \$36.50; for the week prior, \$21.97; W. L. \$73.20; for the week prior, \$42.52; G. J. \$58.55; for the week prior, \$25.41; and up to \$50.45.

We prefer married men; between the ages of 25 and 45, who can furnish excellent character and business references and who enjoy a good reputation in their communities.

We are a national organization; 1937 is to date, our eighth successful record year. Hence, we are only interested in earnest, sincere men who will work as hard as we do to achieve success. We are not interested in any other type of man.

Permanent headquarters for this territory have been established in Columbus for the past 7 years. You will be expected to attend weekly conferences in that city.

You will apply at the company's Marion office, Room 414 Uhl-Phillips Bldg., Tuesday morning, June 8, between 9:30 a. m. and 11:30 a. m. only. Only personal applicants will be considered. Do not write or phone.

## The Gumps

WHAT A TERRIBLE STRUGGLE YOU MUST HAVE HAD SINCE THE PASSING OF YOUR DEAR PARENTS!

ONE'S GOT TO KEEP ONE'S CHIN UP, MR. GUMP—IT'S SO SWEET OF YOU TO BE INTERESTED IN LITTLE ME

THE HORROR OF IT ALL! I WAS NOT TRAINED FOR EMPLOYMENT—THE ENDLESS DAYS OF WORRY AS MY MEAGER SAVINGS MELTED AWAY—AND THE LONG, LONELY NIGHTS OF BROODING OVER WHAT NEW ANGUISH THE MORROW WOULD BRING

EACH NIGHT I PRAYED THAT LADY LUCK WOULD SMILE ON ME AND I'D GET WORK—FINALLY, I DECIDED ON A BOLD STROKE! I WITHDREW THE LAST OF MY SAVINGS FROM THE BANK, AND AM NOW ON MY WAY TO AUSTRALIA—A NEW LAND OF OPPORTUNITY—TO MAKE A FRESH START!

I SALUTE SUCH MAGNIFICENT COURAGE! IN THE BRIGHT LEXICON OF YOUTH, NEVER SAY DIE!
